Miss Morgan at Fresno

(Fresno Republican)

Members of the art department the Parlor Lecture Club enjoyed a short discourse on "Art" and that branch of it particularly pertaining to the artist's medium, tempera, given by M. De Neale Morgan of Carmel-by-the-Sea, yesterday afternoon at the clubhouse. Miss Morgan explained the processes in tempera painting, in which she specializes, and personally explained the subjects of the various beautiful specimens of this branch of art, which she has hung for a fortnight's exhibit in the clubhouse.

Whist! Say the Irish

Green neckties, ribbons and doodada were much in evidence at Saturday night's gathering of Manzanita Club members and their friends. The last session, but one of the whist tournament took place. The high scores for the evening were run up by Mrs. W. L. Overstreet and Geo. J. Koch. Miss E. A. McLean and Ralph Romaine played Irish whist and were awarded the "boob" prizes. Mrs. Sydney Yard spent part of last week with her classes in Redwood City and Palo Alto. She also visited Berkeley during her absence.

A special afternoon in Easter week is being planned by Mrs. Yard. Her last reading was Tarkington's "Mr. Antonio," and her hearers fell under the spell of this lively, lovable character, with the "little damned fool inside" of him.

Rigdon on the Road Bill

The following letter is from Senator E. S. Rigdon, who is the father of the bill providing for the completion of the sixty miles of coast highway from here to San Simeon:

"Everything is moving along at a good speed. The committees are all hard at work and many bills have already been reported out. Not many, however, of major importance have yet reached the floor. I shall feel very much disappointed if we do not get at least some definite recognition on our scenic coast road. I do not know how far I can go in getting an appropriation, but surely expect to get something."

WEEKLY GREETING

'Tis not the weight of jewel or plate
Or the fondle of silk or fur;
'Tis the spirit in which the gift is rich,

As the gifts of the wise ones were;
And we are not told whose gifts were gold,
Or whose was the gift of myrrh.

—James Russell Lowell

Referendum Not Practical

Those who are suggesting a nation-wide referendum on war or no war, should occasion arise, are not practical.

A referendum would have to await the perpetration of a more or less gross overt act.

The American people are, without question, almost unanimous for peace. Our President has been showing the world that he will keep us at peace until conditions arise whereby he would not have the support of the people unless he took drastic action, and those conditions are not remote; they are imminent.

The emergency may come any day. A referendum then would be impossible without serious delay, and Congress would have to act in any event.

These things being so, public meetings and utterances tending to embarrass or interfere with the officials who must make the decision, would be closely related to treason. The probable enemy must not be encouraged to believe that this nation is divided against itself.

Eat Rice

A pound and a half of California rice may be purchased for the price of a pound of potatoes. The potatoes consist of 78.3 per cent water. The rice contains 12.4 per cent water. You cook water out of potatoes, and you cook water into rice. So your pound of potatoes produces considerably less than a pound of food, while your pound and a half of rice produces several pounds.

Notice to TAXPAYERS

All taxpayers are required by the constitution to annually make and deliver to the Assessor a statement, under oath, setting forth specifically ALL the real, personal, or other class of property, owned by such persons, or in their possession, or under their control, as the same stands of record at 12 o'clock Meridian on the first Monday of March.

The Political Code provides, that all property must be assessed at its "full cash value," and defines "full cash value" as being "the amount at which the property would be taken in payment of a just debt from a solvent debtor."

Unsecured Personal Property

The taxes on all unsecured personal property are due and payable and must be paid at the time the assessment is made.

Exemptions

Any person or association, claiming any property to be exempt from taxation, MUST make the claim and affidavit, for such exemption, every year, in the manner provided by law. This applies to the \$100 allowed on personal property of householders; the \$1000 allowed soldiers, sailors, marines, etc., and property used solely and exclusively for religious worship.

Assessments

Any information desired relating to assessments will be gladly furnished on application, and all objections should be made before the Board of Equalization adjourns, instead of waiting until it is time to pay taxes.

Remember, that if you fail to make a statement you fail to comply with the law and you law yourself liable to arbitrary assessment, which is expensive to yourself and causes much trouble to others.

New York to Have Unique Production

The symphonic poem or ballet, "The Dance in Place Congo," will be produced at the Metropolitan Opera House next season.

Its author is Henry F. B. Gilbert, a native of Massachusetts. His first musical training was acquired at the New England Conservatory of Music, and for three years following he studied composition under Edward McDowell. He first appeared as a composer of songs in 1891, and in 1897 was produced his initial important orchestral work.

The years that have passed since that time have shown Mr. Gilbert laboring faithfully in the realms of American Indian folklore and Negro melodies, and producing works that have attracted more attention in Europe possibly than in the United States.

Members of the Zellner and of the Flonzaley string quartettes will summer in Carmel.

Camp Fire Girls Frolic

The Camp Fire Girls and their invited friends had a jolly time last Friday evening, at the home of Mrs. S. C. Thomas. About twenty were present. There were dainty refreshments, and among the diversions were games and a Virginia reel. The girls sent out the following unique invitation:

It's many a year since the good old
St. Pat
Drove the snakes from Eriu's
fair shore;
But now wont you come and help
us revive
Just in mem'ry those fair days
of yore
At the Thomas' house, where the
old green pine
Sings in starlight on March six-
teen,
In games and eats the ten Camp
Fire girls
Will kill all your sadness I
ween.
They want you to come—these
Cohasset fire maids—
And remember old Ireland's
fame.

Saturday Evening Moving Picture Shows

Pictures booked at the Manzanita Theatre are as follows:
March 24, "From Manger to Cross" and "Did It Ever Happen to You."
March 31, "Three Musketeers" and "Braving Blazes."

INSTANT ACTION SURPRISES MANY HERE

This grocer's story surprises local people: "I had bad stomach trouble. All food seemed to sour and form gas. Was always constipated. Nothing helped me until I tried buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL astonished me with its INSTANT action." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold
